NOTICE TO MARINERS

ENTERING

FRASER RIVER.

ALL previous notices issued by the Harbour Master of British Columbia, having reference to the Sand Heads of Fraser River, are hereby rescinded.

The following directions are published for general information:

The Beacons carried away since last fall have been re-constructed, excepting the South Sand Head No. 1, and the following alterations and additions made.

The Light Ship now building will be placed near to the South Sand Head, being substituted for No. 1 Beacon:

The Beacons are formed with clusters of piles, each Beacon having a distinguishing feature at the top of the piles, and being numbered consecutively from 2 to 10, irrespective of the Crib on the North Sand Head.

No. 2. BEACON, NORTH SAND HEAD.—Placed in 1 foot at low water, 4 cable from the buoy in a N. W. direction, showing from a Southern bearing a black diamond elevated on a pole 16 feet above the top of the piles.

No. 3. BEACON, NORTH SAND.—In 6 feet at low water, shows black and white horizontal stripes both on the pole and beacon, and is situated about half-way between chequered and black buoys.

No. 4. BEACON, NORTH SAND.—1 cable distant in a S. W. direction from black top buoy, is distinguished by a black triangle elevated on a white pole 16 feet above the piles, and placed in 2 feet at low water. The piles are white-washed.

No. 5. BEACON, NORTH SAND.—On the spit 14 cable from red top buoy (placed in 5 feet at low water), this beacon is remarkable from its leaning position and is readily distinguished by the red cork on a white pole above the piles, the tops of which are also white.

No. 6. BEACON, NORTH SAND.—1 cable distant from white buoy in a Westerly direction, is placed in 7 feet at low water. On the top of the pole is a white triangle, the apex of which is on the lower part of the pole. This beacon forms a conspicuous object and must be appreciated, as it will guide Vessels in the Channel when entering and leaving the River. The beacon is all white.

No. 7. BEACON, SOUTH SAND.—Is a black beacon placed in 6 feet at low water, having a St. Andrew's cross elevated on a pole 16 feet above the piles.

No. 8. BEACON, SOUTH SAND.—A cable's length from No. 7, in 1 foot at low water. This Beacon is white, having a St. Andrew's cross on a pole as above described in No. 7. As these Beacons, No. 7 and 8, are intended as marks for crossing the Bar, they are hereafter to be regarded as such. This Beacon (No. 8) is not to be regarded in any way except to lead Vessels over the Bar in the deepest water. For Vessels of large draught the x Beacons will be found invaluable, as by taking care to "port" sufficiently soon, after passing the black top buoy, so as to cross when in a line, they will lead over the Bar, carrying from 19 to 22 feet at high water Spring Tides. In all other parts of the Channel much deeper water will be found. After the red top Beacon is brought in a line with the white Beacon (No. 6), the red top buoy may be with safety rounded, then steer in direction for the white buoy, and from thence to the Ball Beacon on Garry Point.

No. 9. BEACON, SOUTH SAND.—On the edge of the bank, placed in 1 foot at low water, is nearest to the Mouth of the River, and distinguished by a black pole having at the top two black boards on two sides of the pole horizontal with each other. The tops of the piles are also black.

No. 10. BEACON.—Is a land mark placed on Garry Point to indicate the Mouth of the River, which shows from every direction a large White Ball. The beacon, 6 feet of the pole, and the tops of the piles are black. The lower part of the Beacon is white-washed.

All buoys on the North Sand, after entering the Channel with Vessels of large draught, should be passed close on the "port" hand. Caution is hereby given that the Beacons constructed on the Sand Heads are not intended as marks for the Navigable waters of the Channel but to indicate the locality of the several buoys.

The old white buoy has been removed and a red spar buoy placed on the spit of the middle Sand inside Garry Point, in 14 feet at low water, which must be past by Vessels Entering the River on the starboard hand.

By following the above directions Mariners will find the Channel well and clearly defined, and with ordinary care a perfect stranger may navigate his Vessel with safety into Fraser River.

JAMES COOPER,
Harbour Master

THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of sweets. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nervous.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they be secreted too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms—in fact they never fail in curing all disorders of liver & stomach.

Bronchitis, Diphtheria, Coughs, Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any over-gorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Head-ache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague, Female Irregularities, Retention of Urine, Scrofula, or King's Evil, Sore Throats, Stone and Gravel, Secondary Symp-toms, Tic Douloureux, Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c., &c.

Sold at the establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar) London: also by all respectable Druggists and Dealers in medicines throughout the civilized world, at the following prices:—Is. 1ld., 2s. 6d., 4s. 6d., 11s., 22s., and 35s. each Box.

*** There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box. do7

The British Columbian.

NEW WESTMINSTER, SATURDAY, AUG. 5, 1865.
CIVIL SERVICE SLIDING SCALE.

In glancing over the *British Columbia Blue Book* for 1860, and comparing some of the salaries therein enumerated with those for 1865, one is struck with the alarming increase which has taken place. The following are a few of the most striking cases: Peter O'Reilly, Esq., 1860, £250; do. 1865, £1,000; Magistrate at Lillooet, 1860, £250; do. 1865, £550; Magistrate at Lytton, 1860, £250; do. 1865, £550. One naturally asks, what change has taken place since 1860 to justify such an enormous increase? Has the price of living increased with the greatly increased facilities for transporting provisions to the interior? We venture to say that at all the stations the price of living has been reduced at least one-half during that time; and yet we find that in two instances the salaries are more than doubled, while in the third case the salary has been exactly quadrupled! We like to see public servants fairly paid; but we fail to see anything in the circumstances of the country to warrant this alarming increase. It is only fair to the present Government to state that no increase of salaries has taken place under the new regime, but on the contrary, a material reduction has been effected in some instances. But in saying this much we would not be understood as vindicating the existing state of the Civil List, which we deem to be out of all proportion to the circumstances of the colony. We were quite willing to allow the Governor a reasonable time to make himself thoroughly acquainted with the whole bearing of the matter before assuming the responsibility of carrying out any sweeping retrenchment in the Civil Service. That opportunity His Excellency has now enjoyed; and if, when the Legislature next assembles, the matter is permitted to remain untouched, it will then become our unpleasant duty to charge the Executive with a serious dereliction of duty, and the people will have just cause of complaint. At a time when all classes of colonists are struggling with very limited means against adverse circumstances, as well as against those natural difficulties incident to the opening up of a new country, and when a large revenue has to be raised from a very small population, it is most unreasonable to expect that so numerous and highly paid an official staff can be maintained. As matters now stand the struggling pioneer colonist may almost be said to be tolling for the special benefit of a "bloated Civil Service." While we have little sympathy with the hue and cry raised in Victoria, and re-echoed in Cariboo, against the number of our officials and the amount of their salaries, because it was manifestly unfair to charge upon the present administration the sins of a previous one, and because it was unreasonable to expect that Governor Seymour, on his arrival, a stranger in the colony, would so precipitately undertake any material reduction in the Civil List, yet we think the country will have a perfect right to expect that another session will not be permitted to pass over without full justice being done to a question which so directly concerns every colonist.

Later from Kootenay.

Mr. Ward, who left Fort Sheppard on the 28th ult., and arrived in this city yesterday, has kindly furnished us with the following information: Mr. Dewdney accompanied Mr. Ward out as far as Osoyoos, and was to return next day to Kootenay Lake to set a party to work on the trail towards Fort Sheppard. A party of 75 men were working from Wild Horse Creek towards Kootenay Lake; a party of 75 Chinese were working from Fort Sheppard towards Kootenay Lake, while another party, of 75 white men, were working from Fort Sheppard towards Christina Creek, 50 miles on this side of the Fort. Mr. Dewdney expects to have the whole trail open for traffic in a month, and he estimates the entire distance from Hope to Wild Horse Creek at 340 miles. Capt. White expects to have his steamer running in the course of a month. She is to run from the Little Dalles to Gold Creek, a distance of 245 miles. The price of provisions on Wild Horse Creek has undergone no material change since the date of dispatches brought out by Mr. Read. The news from the diggings is generally good. On Cairnes Creek 50 men are at work sinking shafts. At 45 feet the blue clay prospects 5 to 10 cents to the pan, and much richer pay is expected at the bed-rock. On Gold Creek there are about 100 men at work. Twelve pans of dirt yielded \$85. Rich prospects had been struck on two creeks, emptying into Gold Creek.

LUMBER MILLS.

S. F. MOODY & CO., Proprietors.

New Westminster.

AGENTS IN VICTORIA:

FICKEIT & CO., Wharf-street.

THESE MILLS are prepared to furnish cargoes of FIR, SPRUCE and CEDAR LUMBER, Tongued and Grooved Flooring, Spars, Piles, Shingles, Laths and Pickets at the shortest notice.

The access to the Mills is up the Gulf of Georgia to English Bay: thence up the Inlet. The anchorage is the bay is safe in all weather. The Inlet is perfectly land-locked, with plenty of water at all times for the largest class vessels.

Vessels loading at these Mills will have every facility for loading. The quality of Lumber is superior to any on the Pacific Coast, and can be furnished to any length up to 80 feet. There is a Deputy Collector at the Mills to enter and clear vessels.

A Lumber Yard has been opened on Front Street, New Westminster, where a complete assortment of choice lumber will be found.

For further particulars apply to Mr. W. B. Wilson, Columbia Street.

NEW WESTMINSTER, SATURDAY, AUG. 5, 1865.

BY MAGNETIC TELEGRAPH!

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

Loss of Str. "Brother Jonathan"

Further Particulars.

LIST OF THE SAVED.

[From our Extra of Thursday.]

NEW WESTMINSTER, August 3rd, 9 a. m.—

Crescent City, July 30th, via JACKSONVILLE, August 2.—The str. Brother Jonathan, struck a

sunken rock off St. George Point, eight or ten miles north-west from Crescent City, about half

past one o'clock p. m. to-day, and went down about forty-five minutes afterwards, and all on

board are supposed to be lost except seventeen persons and three children, who came ashore with

me in the ship's life boat at this place about five o'clock p. m. All the slack boats at this place

have gone to their rescue. No hope of saving any one. Two boats swamped alongside of the ship,

and there were 3 boats left on the steamer.

The passengers were cared for by the citizens here.

LIST OF SAVED.

James Patterson, 3rd officer.

David Farrell, Steerage Steward.

Henry Miller, Baker.

Patrick Linn, Fireman.

W. M. Lowry, Fireman.

Edward Shields, Sailor.

Stephen Moran, Waiter.

Mrs. Mary Ann Twedale.

Mrs. Mina Bernhart and child.

Mrs. Martha Elizabeth Walder.

Mrs. Martha Scott and child.

and four colored seamen.

EIGHT O'CLOCK, P. M.—The boats returned and

nothing seen of the wreck. We have given up

all hope. (Signed.)

JAMES PATTERSON, Third Officer.

NEW WESTMINSTER, Aug. 3rd, 9 a. m.—SAN

FRANCISCO, August 2.—A petition is being

circulated addressed to a number of prominent

citizens, members of the Peoples' Party, requesting

them to constitute themselves a Union County

Convention. The petitioners say "it is our wish

and expectation therefore that your nomination

of candidates for Legislature be made with

reference to the above qualifications and that in

regard to senatorial preference your nominees

shall be unpigged and independent, regarding

it as a sacred obligation to vote for that man

who in their deliberate judgment they may think

best able to serve the State and country in this

momentous period of our national existence."

Nothing additional has been heard of the

Brother Jonathan disaster. The last telegraph

station (Jacksonville) is 130 miles from Crescent

City or Camp Lincoln. The Brother Jonathan

had six boats on board, three of which were

Francis' patent life-boats, and the others com-

mon ship's surf-boats, of capacity to carry 250

people, which is more than the whole number on

board. Capt. Connor, of the Sierra Nevada, who

arrived from the north on Monday, reports that

he passed the reported scene of the wreck at 11

a. m. on Sunday, and expected to meet the

Brother Jonathan near that point to exchange

papers, but saw nothing of her. There was a

strong wind and heavy sea at the time. He

thinks she foundered 25 miles north of Crescent

City, and 6 miles from Camp Lincoln. There

are two places a few miles apart in the vicinity

at which boats could land, and he thinks it pos-

Later from Cariboo.

Mr. James Evans, of the firm of Evans Brothers,

Ridfield and Victoria, arrived on the str.

Lillooet yesterday, having left Williams

Creek on the 27th ult. Mr. Evans has kindly

supplied us with the following information: The

weather on the creek was warm and showery,

but the general health was remarkably good. The

provision market continues to be overstocked.

Flour sells at 18c. in bulk, and 22c. retail; ba-

con 50c.; beans 40c.; butter \$1.25; rice 40c.;

tea \$1; tobacco \$2.50; sugar 50c.; coffee \$1;

beef 25c. @ 30c., with a prospect of falling as low

as 12½c. Owing to a dispute respecting titles

and boundaries Judge Begbie has placed an in-

junction upon the three well known rich claims,

Aurora, Sawmill, and Watson, the case to be tri-

ed at the fall assizes here, if not settled mean-

while. Thus three of the richest claims are lock-

ed up, probably for the season. The Ericson

continues to yield largely, and in fact nearly all

the claims on the creek are paying well, with

a good supply of water, owing partly to the com-

pletion of the ditch from the Jack of Clubs. The

Bed rock Flume is progressing well; it is com-

pleted nearly to Mr. Lameister's store, and the

bank on one side is being hydraulized, while on

the other it is being sluiced with excellent results,

good pay being found in ground hitherto held

to be worthless. The Bank of British North

America was opened in Barkerville on Monday

the 24th.

On Antler Creek several claims are paying

well, and the Bed Rock Flume is making good

progress. On Cunningham Creek a number of

claims are paying tolerably well, and good results

are anticipated.

Mr. Munro has 10 miles of the Cottonwood road

completed, which is represented as an excellent

job. He has a working party as far as Beaver

Pass. The number of men employed upon the

work is 30 whites and 50 Chinese, 80 in all.

Mr. Smith had got as far as Ellmore Creek, 14

miles out of Alexandria. He has 100 men em-

ployed, and is also said to be making a good

road.

Judge Begbie and staff had left for Kootenay.

He met the Governor and staff at Clinton. Mr.

Evans describes the crops along the entire route

as looking remarkably well. He brought a

sample of wheat from near Soda Creek, which

looks exceedingly well, the straw measuring 5½

feet in length.

News from the Big Bend Country.

Mr. McLardy, of Yale, has favored us with a

letter which he received from Mr. William

Robertson, who writes from the Columbia River,

near the Big Bend, under date July 26th. The

letter reached Yale on the 8th day after it was

written—the quickest time yet made from that

section of country. After giving an account of

accidents and difficulties by land and by water,

Mr. Robertson says:—"I wrote you in my last

about a creek giving a good prospect. It is called

Curran's Creek. We reached it about two

weeks ago; but owing to the unusual height of

the water at this season it is impossible to get to

the bed-rock in the creek. Still they are sticking

to it, the prospects being good enough to keep

up their spirits. There has been another creek

struck called French Creek which, from what I

line gave out, although incomplete, contained

sufficient information to justify the worst fears

of those more directly interested. No sooner

was our extra issued than all the flags in the city

and in the harbor were put at half-mast, every-

one appearing to deplore the sad calamity. Yes-

terday at 1 o'clock the line commenced working;

but the address to the reply to Mr. Wallace's

dispatch had hardly been transmitted when an-

other break occurred, and up to going to press

the break had not been repaired. The Enterprise

left for Victoria shortly after the arrival of the

up-river steamers, Mr. Wallace having made

arrangements for a canoe to be sent down with

his dispatch so soon as it should arrive.

British Columbia Bible Society.

The regular Quarterly Meeting of the Central

Committee was held in the Hyack Hall on Wed-

nesday, Mr. J. Robson, one of the Vice-Presi-

dent, in the Chair. The meeting was opened by

the Rev. H. Reeve, Secretary to the Society,

saying prayers and reading the minutes of the

previous meeting, which were duly confirmed.

A communication was read from Mr. James Hall,

Colporteur of the Society, dated Williams Creek

July 15th, 1865, informing the committee that

he had got through with his work in that district,

sold all the bibles sent up—300 volumes—and

was about to start for the Kootenay country. The

special committee appointed for that purpose

reported that 213 volumes of the Sacred Scriptures

had been sent forward to Kootenay from Hope,

which, it was believed, would reach the mines

at least as soon as the Colporteur. After the

transaction of some other business, possessing

less public interest, the meeting was adjourned.

The Church Committee and the Town

clock.

In Tuesday's impression we gave the result

of the public meeting called to consider the

advisability of placing the Town Clock in the

Tower of Holy Trinity Church. We have now to

give the result of the action of the Church Com-

mittee upon the resolution adopted at the public

meeting:—

"VESTRY, HOLY TRINITY,

New Westminster, Aug. 3, 1865.

SIR,—I beg to enclose a copy of a resolution

passed at a Church Committee meeting of Holy

Trinity, held yesterday, in reply to a resolution

carried at a public meeting respecting the placing

of the Town Clock in the Bell Tower of Holy

Trinity.

I am, Sir, your obedient serv't,

ARTHUR T. BUSHBY,

Churchwarden.

To Wm. Clarkson, Chairman of the Public

Meeting.

Mr. Bushby moved, Mr. Armstrong seconded,

and Resolved, That the Church Committee would

be happy to place the Town Clock in the Tower

of Holy Trinity, but regret that, owing to the

lack of the necessary funds, they are unable at

present to complete the Tower and Spire for the

REPAIRS ACCIDENT AT YALE.—On Thursday

Mr. Gleeson, of the steamer Lillooet, was driving

out two of Mr. Romano's daughters and a little

child. As they were returning the horses ran

away, and in rounding the bluff about a mile out

of Yale the carriage was overturned, throwing

the party out. One of the ladies fell on the very

brink of the precipitous bank, but fortunately

escaped injury. The other lady was severely in-

jured, and was carried into town, apparently in

great agony. The child and Mr. Gleeson es-

caped without injury. The carriage was smashed

to pieces. We are happy to learn by the Rel-

iance, which left several hours later than the Lil-

loot, that the injured lady was considered to be

out of danger.

No News.—Owing to extensive fires in the

woods between this city and Seattle the line is

down, and consequently we are not in receipt of

any further intelligence respecting the terrible

calamity of Crescent City. It is highly probable

that we shall receive dispatches in the course of

the day, in which event we shall not fail to issue

an extra.

THE MOVEMENTS OF THE GOVERNOR.—We are

in receipt of advices from Yale, which state that

the Governor and staff were at Mr. Cornwall's,

and that His Excellency was on his way down,

the Colonial Secretary going to Cariboo with the

Chief Commissioner of Lands and Works. Judge

Begbie and staff was also there, en route to Koo-

tenay.

THE CHIME OF BELLS, respecting which so

much has been heard during the last two years,

made themselves heard yesterday for the first

time. Six of them were placed in position, and

a peal was rung as the Enterprise left the wharf.

TELEGRAPHIC.—The line is now in working or-

der 101 miles above Yale, and private messages

were transmitted over it on Thursday. It is ex-

pected to be completed as far as Soda Creek in

10 or 12 days.

MOVEMENTS OF STEAMERS.—The Enterprise left

for Victoria last evening and will not be up till

Tuesday, in consequence of which the Lillooet

and Reliance will not go up to-day.

ARRIVAL OF TREASURE.—About \$15,000 in

treasure came down yesterday, \$5,000 in Dietz

& Nelson's Express and the balance in private

hands.

DIED.—In this city, on Friday the 4th inst.,

MARIA JANE, infant daughter of Samuel and An-

norah Howes.

ALL CURES MADE EASY!!

HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad

Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when
ever this medicament is applied; sound flesh appears
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and a complete and per-
manent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflam-

mation.

These distressing and weakening diseases may with
certainty be cured by the sufferers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon
the neighbouring parts, when all obnoxious matter will
be removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and most
scrupulous cleanliness must be observed. If those who
read this paragraph will bring it under the notice of
such of their acquaintances whom it may concern, they
will render a service that will never be forgotten, as a
cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment and purifying Pills.
When used simultaneously they drive all inflammation
and depravities from the system, subdue and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.

Eruptions, Scald Head, Ringworm &

other Skin Diseases.

After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use of
the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravity of
the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use of
the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.

Sore Throats, Diphtheria, Quinsy,

Mumps & all other Derangements

of the Throat.

On the appearance of any of these maladies the Oint-
ment should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into meat;
this course will at once remove inflammation and abso-
rption. The worst cases will yield to this treatment by
following the printed directions.

Scrofula or King's Evil and Swelling

of the Glands.

This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action of puri-
fying the blood and strengthening the system renders
them more suitable than any other remedy for all com-
plaints of a scrofulous nature. As the blood is impure
the liver, stomach and bowels, being much deranged,
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following
cases:

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and Stiff Joints.	Sore Nipples.
Burns.	Elephantiasis.	Sore Throats.
Bunions.	Fistulas.	Skin Diseases.
Bite of Mosquitoes.	Gout.	Scurvy.
and Sand-Flies.	Glandular Swellings.	Sore-heads.
Coco-bay.	Ulcers.	Tumors.
Chigoo-foot.	Lumbago.	Wounds.
Corns (soft).	Piles.	Yaws.
Cancers.	Rheumatism.
